

Hello Tony.

Grace to you and peace from God our Father and the Lord Jesus Christ.

In Kenya, the situation is still the same with lots of health precautions in place. We are still meeting in our individual houses for Godly gatherings. Slums near Mathare slum, like, Kibera. Kawangware, Dandora, have reported around 25 cases of COVID 19. However, it has not reached our place. My dear brother, I need your idea, advice and help on this, my heart breaks when I see how most families in my community struggle to make ends meet, especially our congregation members, almost all of them are at home as most work places are temporally closed as a way of curbing the spread of this virus.

Regarding the above, I'm in talks with my family the possibility of sacrificing to skip one meal for some time, to be able to raise some money and buy food staff for most of our congregation who very vulnerable. I would appreciate your help as well, if you may know any organization or friends who can offer such help.

My heart is always in trouble when I visit these families to encourage them in their faith in God. Children are crying of starvation. I understand we cannot help everybody, however, I believe that we can put a smile on their faces for a day or two.

On behalf of my family and the church, I wish to thank you and our brothers and sisters with you at Kalispell Church of Christ for your continued generous financial help

We are indeed grateful to you for your enthusiastic support, which helps me assist to spread the good news of Jesus Christ in our community and beyond. Thank you once again. Let us keep our countries, and congregations in our prayers.

Your brother James.
