## *REPORT JUNE 2017*

May the grace and peace of our Lord accompany you at all times.

To God be the glory forever.

Thanks to our Lord who sustains us with his mercy and his infinite love, we go forward trusting in Him, things in our country remain the same, but we continue to trust in God and we also thank the support and you,

Concerning work in the work of the Lord, we still do not tire of waiting on his faithful promise.

Every first day of the week we gather to worship Him and thus fulfill the commandments stipulated for this day.

We continue tirelessly visiting the neighboring people to bring them the gospel of salvation, and visits to brothers.

Also on Wednesday we continue to meet to study the word of God and prayers.

On Saturdays we have the classes of young people and children to study the word and sow in their hearts the value and importance of obeying it.

This first Saturday of the month we gathered the brothers and sisters of our congregation and the congregation that meets in the Arenales, was pleasant meeting and edifying, we were able to discuss with some brothers the theme of the OFFER FOR THE SAINTS since there are some brothers who Teach that the OFFER is not a COMMAND, I think they are very wrong, it is necessary to discuss and teach this matter well not to let this false doctrine continue to grow.

On Sunday afternoons I gather at a place called Las Tarabas, where several brothers gather, I ask for prayer so that the church may grow there every day.

I ask your prayers for my family and my person so that the Lord gives us great health and wisdom.

I also ask for prayer for my brother Juvencio also brother in the faith, so that the Lord heals him of a cancer in the prostate.

I ask for prayer for the country so that everything can be resolved in peace.

And also for the unity of the growth of the church in our country.

Thank you beloved brother, your brother, José Gregorio Díaz Leal.

Kindness and mercy.
