

Greetings Brethren! It is hard to believe that another month has more than passed, and it's once again time to write up one of these reports. It seems time just continues to pass more and more quickly! 2020 has certainly been a year to remember. Despite its difficulties, the year is still flying by!

We are continuing with our regular slate of studies that have been going on for some time. Though we took a short break on our Thursday evening study after we finished up the book of Revelation, we have now started up again in the book of Mark. I think this will be a very good addition for some of the people that had begun to study with us in Revelation. We have several that join us via Zoom, both locally and from across the country. Mike Philips is teaching this class. On Friday mornings, we are continuing our study of the book of Acts. This is an exciting study, as I can see continual growth amongst the folks studying with us. We are working our way through the book, with an emphasis on the work of the church, and the early Christians. This is an effective study with some who are denominational, as well as our new convert, Bridgett. The discussions, and questions that come up have been very good and insightful.

We are continuing a study of the book of Hosea on Wednesday evenings, and a study entitled "Walking Worthy of Your Calling" on Sunday mornings. Both continue to progress well, and I believe they are beneficial to our group.

We continue to be blessed to be able to have many discussions out in the community. While our time in many of the places we have had studies has decreased (due to the Covid restrictions), we still find a lot of opportunity. Since I have started doing some part time work with real estate, I have had several opportunities to have discussions with folks that I would have had very little chance of meeting otherwise. I am hopeful that there will continue to be doors of opportunity to us throughout the community.

The brethren here continue to be healthy, avoiding infection during this pandemic. We continue to worship together as normal. Our only restriction is that there is a mask mandate in place. We have been fortunate that the virus has not impacted our ability to do the work, or interfere with our worship over the last few months.

I hope you all are doing well, and that you are continuing to grow in the grace and knowledge of the Lord. Pray for our work here in Bozeman, as we pray for you all in your efforts in the kingdom!
