**NORTH BEACH CHURCH OF CHRIST. FT WORTH, TX.
U.S.A.**

Greetings beloved brothers in the love of Christ. It is a blessing to be alive in this time of a pandemic when we have sadly seen neighbors very close to us (on our side) disappear because of Covid 19.

We praise and glorify God for His infinite mercy to protect us and keep us in this existence still to continue in the purposes of His will.

I hope that upon receiving this communication you are well, protected by our Lord.

Church in downtown Maturín.

In it generates:

As is well known, the confinement situation for the brotherhood and for the entire community in this month of September is double in Venezuela, because one cause was produced by Covid 19 and the other, the gasoline shortages, which paralyzed the already restricted movement and transportation of people, including those who have their own vehicles, did not have fuel to move their cars. This affected public and private transportation.

Hopefully for this month of October that begins this situation will improve.

The communication:

As since the second fortnight of March this March of this when the corona virus pandemic was already declared, and the authorities dictated sanitary measures to contain the

contagion: social distancing, hand washing, the use of masks , etc. In this month, September, everything remains the same, and communication with the brotherhood has continued on the phones. Thank God that the siblings and relatives who went through a certain affectation had a speedy recovery.

Health and nutrition:

The strong country situation and the pandemic have exacerbated the economic and social crisis for some family members of the church, and they have been affected in their diet, because it is difficult for them to get food, and they have had health problems because of it makes it difficult for them to acquire medicines. In this situation what we do is that those who can help with food and medicine those who need it most, and of course, we are praying for each other, as it should be.

Foreign labor:

So far in my quarantine, I have had the good fortune to also work with brothers and sisters from other cities and abroad, answering questions or giving Bible studies, through wasap, emails and text messages. In a sense, electronic devices are very useful to us in God's work. So far this newsletter. Thank you loved ones for participating with this server in this work. Let's continue praying for each other, for all humanity, for the church, and for Venezuela. We appreciate that you include us in your prayers.

If God allows, it will be until the next edition, in the meantime, we ask God to protect us and richly bless us all. Goodbye.

In the love of Jesus,
Antonio and family.
