Dear elders, once again I am delivering all of you this letter, hoping to find you in good health, along with your families, and all the saints in your congregations. We always be grateful with every one of you for your financial and spiritual support. Please keep us in your plans, and in your prayers.

Even when we don't see the end of this horrible and difficult crisis for all of us, we decide that it's time to start having church services at the building. So, if the Lord our God is willing, we will start doing this the first Sunday of September only from 1:00 – 2:00. On Tuesdays we will continue having services through Zoom video from 7:30-8:30. Look like that brethren are ready to go back. I am praying that all my brethren will return, some are ready to do it, others not so much. Because of their kids, two or maybe three families would not bring the kids to the worship services, but others will. Still is so much anxiety and uncertainty because all of this, even when will be using mouth covers, social distance and washing hands, still is not enough for them. One Sunday one parents will stay home with the kids, the other will come to worship, the following Sunday the other parent will come to worship, and this can be comprehended. One of those kids have autism, and he just can't tolerate wearing a mouth cover for any period of time. We know that things may not be the same anymore, neither will be easy, we will have to face a lot of challenges, but with the Lord's, help we will do the best that we can.

I know that some of my brethren may not show up for worship. At this moment all of my brethren are putting the effort to get connected to hear the Bible message, except Jose and Idalia Olivares. They are putting all their time on working in the materials things, on Tuesday he and Sister Idalia just they don't make the time to joins us through Zoom video. It's for about a month that they haven't connected, it is sad to see that not even in the comfort of their own home, don't make the time to hear God's word, and not even on Sundays, their faith is not one that pleases God.

My brethren, please include Brother Adrian Rangel in your prayers. Not long ago he lost his Brother Ruben to the Covid 19 virus, now he just lost his mother in Mexico to the same virus. Sister Evangelina Muñoz was 85 years old, a faithful member of the Lord's church in Mexico. Another of Adrian's brother is in the hospital fighting for his life, Brother Adrian and Sister Mayte are having difficult times dealing with this cold reality. Once more, I am asking you to pray for Adrian and his family here, and in Mexico.

Thanks to our Heavenly Father everybody else are doing well. Please keeps us in your prayers now that we are getting ready to have services in person. We are ready and very determined to do it, everybody know that it is time.

My dear Brethren, May God Bless every one of you, please keep us in your prayers.

Juan Antonio Salazar.
