

# INFORME DE ESTUDIOS DE JULIO

**Greetings dear brothers, may God continue to bless you greatly.**

Thanks to the Lord, my spouse and I are doing very well. My spouse's pregnancy is still doing very well, it is in week 37/40.

The doctors do not say that as of this week our daughter can be born, we are very excited and grateful to the Father and we ask a lot in prayers that her birth does not have any problems. The deadline is August 22nd, thank you for your prayers brothers.

I want to share with you the good news that my mother is with us in Popayán, I thank the Lord very much for this blessing, to see my mother and hug her after almost 5 years that I left my country Venezuela and I thank you very much that she was able to arrive before the presidential elections. The weather has helped her a lot and many of her ailments have disappeared. She has also attended meetings and has taken a keen interest in Bible classes.

The brethren in the church are doing very well. I continue to work in the houses teaching studies with some brothers. I ask you for a lot of prayers for the work and for me, to continue with courage in this beautiful work.

**Thank you for your help, for me it is a great blessing. May the love of the Lord be with you**

**In my Sunday responsibilities, I continue to lead the first hour study and sermons. This July we did not manage to have the hymn class because I have been suffering from congestion in my throat, I hope to be able to improve soon and resume such a precious space to learn new hymns.**

**I continue to run the studies on Wednesdays.**

**We continued our weekly studies on Friday afternoons with Sister Diana.**
