

LUIS SISCO: AUGUST STUDY REPORT

Greetings dear brothers, may God continue to bless you greatly.

Thanks to the Lord, my wife and I are doing very well. After 23 long hours of being admitted to the hospital on August 22, my daughter was born on August 23 at 6:09 am. Holding her in my arms is one of the great blessings the Lord has allowed me to have. I had always heard other brothers talk about that special moment, but living it is something incredible. My wife is recovering very well, she is very strong. My daughter is only 9 days old and the doctors are surprised with how much she can do with so little time. They tell me that it is going to make a very energetic girl, it is not good news for our night's rest, but even so the late nights are bearable for my wife and me. Again I thank the Father for this blessing and you my brothers for your prayers.

My mother is very much in love with her granddaughter, she doesn't want to leave her at any time, we don't want to either. My mother's health has improved a lot and I thank the Lord for that.

The brothers are very excited about the birth of my daughter. In general they are very well. I continue to work in the houses teaching Bible studies. I ask you for a lot of prayers for the work and for me, to continue with courage in this beautiful work.

Thank you for your help, for me it is a great blessing. May the love of the Lord be with you

Dear brothers and sisters, I present my daughter to you by this means.
