Teaching In The Homes.

Teaching at Antony's house with Yeraldi, Rashel and

Teaching Bible lessons to Joel every Wednesday.

Preaching Through The ZOOM Platform.

As I have told you before, I am taking advantage of all available means to teach the truth of the gospel. Through the ZOOM platform, I have preached to several churches this month. On Mondays I teach the letter of the Ephesians to the church of Christ in Pifo, Quito – Ecuador. We are already in chapter 6.

Also this month, I have preached for the church of Christ in Dos Hermanas, Seville, Spain.

In our meetings that we hold on Tuesdays and Thursdays through the ZOOM platform, to strengthen the faith of the brothers of the church of Christ in Calama, northern Chile, brothers from churches in Ecuador, Peru and Uruguay participate.

Baptisms in Sullana, Peru.

As I have told you before. On Sundays at 6 AM through the ZOOM platform, I present the sermon to the Church of Christ in Sullana, Peru. The brothers gather in the living room of a house and connect to a television to hear the teaching. They perform the acts of worship ordered by the Lord. The members of this church are mostly women, the only two men asked me for help, after the death of the preacher, saying that they do not have the ability to teach.

We agreed that I would help them for a while with the teaching on Sundays and on Tuesdays with Bible studies that they print to answer the 12 questions of the lesson presented.

A couple who visited the congregation and participated in the Tuesday studies. They asked me for a Bible, which I promptly sent to them. They decided to obey the gospel. Last month, **Belén Escobar**, 43 years old, was baptized. And on September 8, **Fernando Atoche**, 45 years old, Belén's husband, obeyed. We praise the Lord for the power of the gospel of salvation! Brother Leonardo Ramos and his wife, members of the Church of Christ in Catacaos, (32 miles from Sullana), traveled to perform the baptism.

Brother **Leonardo Ramos** and his wife **Kelly** are faithful brothers in the service of the Lord. They have shown great interest in supporting this congregation and in the future moving to this city to live and meet the need for a preacher for the Church of Christ in Sullana. It is my prayer to the Lord that these plans will soon be realized.

Our Health.

Thanks to God and the many prayers of our brothers, Inesita, my beloved wife, is recovering satisfactorily. She accompanies me in the studies I do at home and is my prayer partner. For my part, I have had eye complications. The ophthalmologist has ordered me to have a retinal resonance. My eyes are fading, and I must attend to this emergency. I have also felt a strong back pain that has kept me immobilized for several days. The doctor ordered two nuclear resonances to see a possible lumbar hernia. Unfortunately, these resonances are not done by the public health service, and I must do it in a specialized clinic and that is expensive. The cost of all this is \$700. It includes the glasses I need, and the tests

requested by the specialists. If you would like to help me with part of these expenses, you would do me a great favor. Your prayers will always be necessary to face the present adversity.

Despite the difficulties in health, we continue working in teaching the gospel. Using social media and every space that allows us to proclaim the glorious gospel of our Lord Jesus Christ. Every Monday I send Bible lessons through WhatsApp and Messenger to more than 500 brothers from different countries in South America. Some brothers tell me that they use these lessons in the teaching of the local church.

Dear brothers.

Thank you for participating with me in the teaching of the blessed word of God! The communion that you give me allows me to reach many people with the gospel so that they may save their souls. Also many Christians are encouraged by my work in their service to our God. Thank you for praying for us.

In the love of Christ.

Your brother,

Emilio Acevedo.
