## Introducing A Congregational Evangelism Seminar, Pt 1

Rob Whitacre

We are thankful to announce that you have been enrolled into the House to House/Heart to Heart School of Evangelism! This will provide your congregation with a total of 12 months of preparation, promotion, training, and support. Our goal is to transform the culture within congregations to be focused on local evangelism and church growth. In order to accomplish this mission, we will be conducting a seminar soon and we need your help. "Go Ye" means "Go All." The word, "ye" is plural and thus requires the mobilization of every Christian in the local congregation to reach the lost in your community.

There was a time in our not so distant past when these types of seminars were being held all over our nation. Christians carried film strips (Jule Miller) in the back of their trunks and went house to house teaching anyone who would listen the Gospel of Christ. Now most of our training is inwardly focused and are geared towards keeping the saved, saved. Success is seen in how many sister congregations attend our events and rarely on how many non-Christians attend. A few years ago, a brother called and invited us to come do this seminar. He said, "Brother Rob, we have not had an evangelism seminar in central Texas in over 20 years." We are at a crisis stage for churches of Christ in America, but it is not too late.

Part 2 Next week.

**Every Saint on this of Heaven, must be concerned about every sinner on this side of Hell.**
